REV. SECTT. Secy JUN 1921

The first point for determination is whether the lands in question were granted to the temple either by Government or by the Jeer [illegible]. On this point, it would appear from the record that [illegible] occupants of the lands were given [illegible] that the lands had been assigned as [illegible] the temple, they failed to adduce any proof [illegible] that consequently the lands were treated [illegible] subject to full assessment though [illegible] in the name of the temple. Though this decision was communicated to the archakas in possession of the lands on 8th December 1912, no appeal seems to have been filed against it till now. In the circumstances, I think it is unnecessary to reopen this question now.

Taking it as settled that the lands were fully assessed ones belonging to and registered in the name of the temple, when the kandayam fasli arrears fell due, the revenue officers would have done well to have intimated the fact to persons interested in the temple and given them an opportunity to pay up the arrears before the lands were put to sale. But, this was not done and the lands were sold after notice only to the archakas and the sale was confirmed by the Sub Division Officer in May 1913.

Against this order, the village [illegible] Deputy Commissioner and claimed to have the lands were restored to the temple. [illegible] tion, they seem to have been called upon to pay the arrears, no further orders [illegible] case -- owing to the [illegible] concerned who has been [illegible] appeal was dismissed by the [illegible] the ground that the sale proceeds [illegible] they could not be [illegible]

Considering that the villagers interested in the temple do not seem to have been consulted [illegible] opportunity to pay up the arrears before the lands were brought to sale, I doubt if the sale proceedings could be said to have been quite free from objection. Even if they were technically regular, I think that the proper and equitable course, in the circumstances of the case, would be to restore the land to the temple on payment of the arrears by the villagers concerned, and that the long delay in the disposal of the appeal, for which the villagers were in no way responsible, should not be allowed to influence the decision of the case. I would, therefore, suggest that the sale may be cancelled and the lands restored to the temple on condition that the appellants pay up within a prescribed date the purchase money paid by the auction purchaser, together with a suitable compensation which may be fixed by the Deputy Commissioner.

Sir,

Adverting to your Official Memorandum No. 2384/Muz.401-13-2 dated 7th March 1914 (Calls for) a report on the petition of Siddegowda and others of Sarthavalli and Halkurke in Tiptur Taluk, regarding the sale for arrears of kandayam of 3 lands alleged to be the inam lands of Sri Chennakesavadevaru and 2 other temples at Sarthavalli, I have the honour to state as follows:-

2. The inam villages of Sarthavalli and Halkurke belonging to the Sri Vyasarayaswami Matt came under Government management as per Government Proceedings 2413-23/Muz.F.57-97 dated 30th May 1903. Survey and Settlement were introduced into these villages in 1909-10.

3. The lands in the possession of Venkataramanachar, archak of Sri Anjaneyaswami, Chennakesavaswami and Tirumala Devaru temples in Sarathavalli were treated as Government lands and fully assessed as the archak failed to prove that they were inam lands granted by Government to the institutions. These lands came under the joint knate of the 3 temples. As the archak failed to pay kandayam b 74-2-0 for 2 years, 5 Survey Nos. were forfeited of which Survey 126, 153, and 237 were put up for sale and fetched a sum of on 19th March 1913.

Meanwhile some of the villagers petitioned to the Gubbi Officer praying for the cancellation of the sale and

and stating that they would pay up the arrears. Though they were given time to do so, they did not pay up the amount, and the Sub Division Officer confirmed the sale in favour of Ahamad Hussain on 8th May 1913 as there was no irregularity in the sale proceedings.

5. The villagers then petitioned to the Revenue Commissioner, the Muzarai Superintendent and the Dewan about the beginning of February 1914 praying for the cancellation of the sale and restitution of the property on behalf of the temples.

6. An appeal against the order of the Gubbi Sub Division Officer confirming the sale was presented to this office about the same time but at present that application is not forthcoming on account of mislay of papers by a clerk of this office subsequently dismissed. But an application of the appellants dated 15th ~~March~~ April 1914 praying for a stay order for preventing the respondent Mahammad Hussain from cutting down the trees in the lands sold, till the disposal of the appeal is forthcoming and an order was passed on 15th ~~March~~ April 1914, calling upon the respondent not to cut the trees till the disposal of the appeal. Subsequently the appellants were served with a notice to deposit a sum of Rs. 400/- on 1st April 1915 and on that date they were asked to appear on 12th April 1915 on account of the absence of the Deputy Commissioner on casual leave. It is not possible to say whether the parties came on that date or other dates but there are some petitions complaining that the amount was not received though they had brought the same. At present there is nothing for verifying their statements.

7. Action was taken on the application of the appellants dated 15th April 1914 in the month of August 1919. The delay was due perhaps for want of a hand to do the work in the usual course. The parties were heard and the respondent undertook to hand over the lands to the archak on payment of the sale price, cost of improvements and interest. The appellants agreed to pay the amount to be determined by the Amildar on inspection of the locality and executed a muthcalika on 8th September 1919 to that effect,

but the respondent evaded executing the mutchalika.

8. However the parties were heard again during the Jamabandy of Tiptur Taluk. As the sale proceedings were regular and as there was a great lapse of time in presenting the appeal petition. -- I thought it undesirable to interfere with the order of the Sub Division Officer. Endorsements have been issued to the petitioners rejecting the appeal.

I have the honour to be,

Your most obedient servant,

Offg. Deputy Commissioner,

One Srinivasa Char an 'accredited agent of the Aryasamaja Mutt put in [illegible] 1871/72 praying for the release and restoration of this village from resumption.

The reasons assigned for the restoration was that the priest was under the impression that one Seshachar, who was duly empowered, appeared before the Assistant and paid the needful for its registration. When the Mutt came learnt to its surprise and regret that the village was ordered to be resumed for the default [illegible] attachment of any one of its servants.

The above [illegible] was sent to [illegible] Office Docket No 188 of the 29th ult [illegible] a request that he will be good enough to forward the notices issued for the attendance of the Patt [illegible] for the Settlement of the village and Hakkundi [illegible]

The notices in question were issued upon the Revd. Sesthachar, who obtained a power of attorney duly executed on a Stamped paper of 8 annas from the Forest Asst. Matt, to who requested the Assistant to communicate to him the [illegible] at which [illegible] of the Said Sesthachar was executed on the 7th 1871 and the notices were issued on the dates above mentioned and Served through the Amildar with the Assistant's orders Nos 207 of the 25th March 1870.

The above mentioned Sesthachar filed the power of Attorney on a Stamped paper of 8 annas in the Assistant's Office on the 6th of May 1870 as shown in a remark on it, under Mr. Sis[illegible] thereon writing to the effect that the agent Sesthachar should obtain and file another power of Attorney to enable him to admit Statement for the Settlement Sarthavalli villages and that the one that produced and now on the file was accepted for the Halakunki villages. The [illegible] question does not appear to have been [illegible] called in ordering to the present [illegible] orally to the agent. Under this impression and immediately after the power of Attorney above mentioned was admitted only for Hulkurki the register of which village was of sale to him with the office docket No 105 of the 19th July 1871, which has not however as yet been retransmitted to this office. The petitioner tells me that the village of Hulkurki [illegible] attached and that it is in the enjoyment, although no T.D. has as yet been received for it.

The agent Seshachar does not [illegible] appear to have been taken any action regards these villages, or at least it does not seem from the Assistant's proceedings in Col: 19 although this register [illegible] between 1871 and the present, as appearing from Mr S's own remarks [illegible] made It does not equally appear whether the [illegible] Seshachar informed him Consistent the present System of the Matt, that the Amin Assistant [illegible] another power to act for the [illegible] and whether his requisitions was [illegible] attended by the Guru His present valid [illegible] Such application was made by Seshachar, nor any summons from the Assistant were issued to him Calling for a Separate [illegible] atmana

Sir,

With reference to your letter No.2510/Muz.542-19-d, dated 18th January 1921, enquiring what the intention of the Survey Department was in having treated certain lands endowed to Sri Anjaneyaswami and two other temples, in Saratvalli village, Tiptur Taluk, as Sircari at the Survey Settlement, I have the honor to state that it is not found in the Inam Records that any jari minor inam was granted in the village for the benefit of the temples, in question. Excluding 5 personal minor inams (jari) not connected with the temple, the whole village belongs to the matt. The Survey numbers in question, were entered in the Survey accounts in the name of the temples because these were found to be in the enjoyment of the lands at the time of the Survey Settlement. The temples hold the lands not as Inam but subject to the payment of the full assessment to the Inamdar of the village, who stands in the relationship of Sircar for the revenue administration of the village.

S i r,

With reference to correspondence ending with your letter No. 2509/Muz.542-19-8 dated the 18th January 1921 and subsequent reminder thereto, requesting to be informed whether the sale for the arrears of kandayam due on certain lands in the khate of Sri Anjaneyaswami and other deities in the Sarthavalli village of the Tiptur Taluk was conducted by the Revenue authorities as representing the Government or as representing the mutt, I have the honour to resubmit the entire records available in this case with a full memo explaining in detail the circumstances of the case since December 1904.

From a perusal of the memo, it will be seen that the question raised in your letter under reply is rather difficult to answer but the following circumstances which appear on a careful perusal of the records would lead me to the conclusion that the issues in the case as regards sale for the arrears of revenue due on certain lands, and the interests of the Mutt on those lands, have not been clearly kept in view, with the result that the sale proceedings in this case have proceeded as though the arrears had to be recovered as in the case of other sarvarx lands under the ordinary occupancy rights and liabilities without and at the same time going into the question of e Mutt's interests in the lands. The villages of Halkurke and rthavalli were brought under Government management on 30th May and survey settlement was introduced into the villages in the

The e I the lands in question continued to

to be in the names of the deities in the latter village, though the lands were noted as "ஜாடி" in the survey settlement and full assessment levied on them. In December 1904, a reference was made to the Muzrai Superintendent enquiring whether there was any evidence to show that the lands in question were valid Inams and if not why full assessment should not be levied . From the records available here it is observed that a final reply was not sent to this reference but on the report of the Amildar dated the 22nd June 1905, recommending the resumption of the lands and their restoration to the temples, the Sub Division Officer ordered that as continued long enjoyment had been established, the parties concerned should be allowed to continue to hold the land on payment of full assessment. Nothing appears to have been done till the introduction of survey and settlement and till steps were taken to levy full assessment from the parties in possession.

One Archak Venkataramana Chary was in possession of the lands which were sold in 1913 for arrears of revenue and when the demand notice was issued on him for arrears for the year 1910-11 and 1911-12, he raised an objection to the levy of full assessment when he was entitled to pay only jodi and endorsed accordingly on the notice. The sale proceedings were however conducted in the ordinary course and confirmed by the Sub Division Officer. The decision of the Sub Division Officer was appealed against by the Archaks and certain other villagers interested in the up-keep of the temples. An endorsement was issued to the petitioners to appeal to the Muzrai Superintendent if they were not prepared to pay the full assessment since the land had been classed as sircar during the Survey and Settlement. As regards the sale confirmed by the Sub Division Officer an appeal was preferred to this office but the matter was either under correspondence or lost sight of for nearly five years and then disposed of finally in 1919, the Sub Division Officer's decision having been upheld.

How the Survey numbers included in the Inam of the deities came to enjoy jodi, it is difficult to make out. Nor has any evidence been adduced so far in support of the same. Further there is nothing to show that sufficient enquiry has been made of the Mutt authorities themselves to establish or reject the right to jodi assessment on these lands. Whether or not the question of jodi assessment on the lands should be reopened is a different matter. But

But the main point for consideration will be whether the sale conducted and confirmed can really be regarded as having been done in the interets of the Mutt, and whether the fact of the lands having been noted as "Sarkar" may not have led the authorities to conclude that the lands were Government and their disposal could not be effected without consulting the wishes of the Mutt. The whole village is sarvamanya granted to the Vyasarayaswami Mutt, which has come under Government management, and therefore whatever action is taken by the Government can only be regarded as being on behalf of the Mutt. It is doubtful therefore as to whether any action could be taken by the Government which the Mutt itself would not have taken or which would be prejudicial to the interests of the Mutt. The proper course in a case like this would have been to resume the lands and then proceed against the movables of the defaulter Archak and see to the proper worship in the temples. The khata has now passed on to the Sale Purchaser-a Mahamodan-and it is now for consideration whether it is desirable to force on the Mutt authorities - an inferior holder who may not be acceptable to them as superior holders.

I am of opinion therefore that the lands in question should be restored to the temples, the sale purchaser being adequately remunerated for all his expenses and the sale being cancelled.

I have the honour to be,

sir,

your most obedient servant,

Assistant Commissioner,
For Deputy Commissioner, absent from station, TUMKUR.

MEMORANDUM.

In December 1904 a reference was made by the Muzrai Superintendent enquiring why full assessment should not be levied on certain Inam lands in the Halkerke and Sarthavalli villages till sufficient evidence was forthcoming to show that they were valid Inams (vide No.2181 dated the 12th December 1904). An order was issued to the General Assistant Commissioner in February 1905 to obtain a report from the Amildar in this connection. The Amildar in his report No.802 dated the 22nd January 1905 stated that Survey No.485 of Sarthavalli village in the khate of Sri Kalleswara Devaru was in the enjoyment of one Kappayya, son of Lingappayya and half of S.No. 159 in the khate of Sri Chennakeswara devaru was in the possession of one Mallappa, both of who claimed possession for a long time extending over ~~ten~~ two or three generations. The Amildar was of opinion that the statements of these persons could not be relied upon, as the village itself was granted as Sarvamanya to the Vyasarayaswami Mutt about 60 years ago, and he recommended the resumption of the lands and their restoration to the temples. The Sub Division Officer disagreeing with the Amildar, recommended that, as continued long enjoyment had been claimed, the lands should be continued in the possession of the parties concerned and that full assessment may be levied thereon. Nothing further seems to have happened in this connection for afew years except that survey and settlement was introduced into the village in 1909-10 and full assessment fixed on the lands hitherto alleged to have been enjoying jodi. An order was issued from this office (No.207 dated the 18-4-1912) that nothing further could be done in regard to these lands. The matter was accordingly filed and no final report seems to have been made to the reference received from the Muzrai Superintendent.

Historical Sketches Vol I

2. On 27th February 1922 Venkataramanachari Archak of Sri Chennakeswara devaru, Tirumala devaru and Anjaneya devaru etc., of Sarthavalli , applied to the Deputy Commissioner that he was paying a jodi of about Rs.20/-prior to the year 1909-10 and in the Survey and settlement full assessment of Rs.90/-had been

been levied on those lands and he requested that he might be allowed to enjoy the lands on payment of the usual jodi. The Archak continued to petition the Deputy Commissioner and the Amildar praying that they should recover from him the usual jodi and not the full assessment.

With reference to the Archak's petition the Amildar reported that Archak had failed to pay up the arrears for 1910-11 and 1911-12 and sought instructions whether the lands should be forfeited to Government or further action stopped pending disposal of Takrar The Sub Division Officer was asked to obtain from the petitioner if he had any written authority to show that he was enjoying the lands on payment of jodi and also to ascertain from him how long since he was the archak of the said temples.(vide yadi No. 17 dated the 9th July 1912 from the Deputy Commissioner to the Gubbi Sub Division Officer).The Amildar reported that the Archak did not produce any reference in his favour but represented that the archakship of those temples was enjoyed by him from the time of his ancestors.(4 to 6 generations)

In reply to this report received from the Gubbi Sub Division Officer with his yadi No.329 dated the 3-10-1912, orders were issued to the effect (1)that it was seen from the records that full assessment on these lands attached to the temples of Tirumala devaru, Chennakeswara devaru, and Anjaneya devaru was fixed in the Survey and Settlement and a note made in the Fisal Patrika that these lands were treated as Government lands as they did not find a place in the quit rent register (2) that as the petitioners did not produce any written authority to show that these were inam lands granted for these temples by Government it can only be presumed that this was the concession shown from the Mutt authorities, (3) that if the petitioners were not willing to pay the assessment as fixed by the Survey Department, they were at liberty to prefer an appeal to the Muzrai Superintendent, since this inam village endowed to Sri Vyasarayaswami Mutt was under the direct management of the Muzrai Superintendent (4) that an endorsement may be issued to the petitioners accordingly (5) and that steps should be taken to recover the arrears due on these lands

lands and that further action need not be stop ed pending the dis posal of Takrar (vide yadi No. 390 dated 17-12-1912.). An endorsement was granted to the petitioners on 30-12-1912 on the ~~akø~~ above lines.

Survey Numbers 126, 153, 237, 238, and 241 were forfeited to Government on 4-2-1913 and the sale of survey No. 126, 237 and 153 was held by the Amildar on 19-3-1913.

.Nos.	Rs.
26.	150/-
.53	25/-
237	150/-
	325/-

A sum of Rs.325/-was realised in the sale and the numbers were ~~knoked~~ donw ~~xø xhe xighest xidder~~ in the name of one Mahamad Hussain.

Full assessment was realised and the sale was finally confirmed by the Gubbi Sub Division Officer on 8th May 1913.

On receipt of the Sub Division Officer's order sanctioning the sale, the Amildar solicited orders as to his paying back the excess amount after adjusting the kandayam due to Government to the Archak or crediting to the Muzrai Funds in the name of the deities.

There is no reference to show that any orders were passed in this connection. On 15-4-1914 there was an appeal to the Deputy Commissioner from Venkataramanabhatta, Asvathanarayana Jois, K.Sivaramaiya and others praying for the cancellation of the sale and restoration of the lands to the temples concerned. Enquiry was held and the statements of the appellants was taken on 8-9-1919 and an endorsement issued to the appellants rejecting their appeal on the grounds that it was not a regular appeal, there were no irregularities in the sale proceedings and it was too late to interfere with the orders passed in May 1913.

The entire file of records along with the appeal file No. 1. relating to the enquiry of this office are herein enclosed for perusal.

Order thereon No. [illegible]

Dy 30.7.21

Certain lands of Sarathavalli, a village endowed as Sarvamanya to Sri Vyasarayaswami Matt, had been granted to Srm Anjaneyaswami and two other village temples which were enjoying them on payment of Rs. 22-9-4 per annum to the Matt. In 1909, when the village was surveyed and assessed, the survey assessment was reduced from Rs. 100/- to Rs. 76/- and the lands were registered in the temple khate, but the tenure was treated as Sirkar. The Archaks having objected to pay assessment, 3 of the survey numbers (126, 153 and 237) were sold for the arrears due thereon and the sale at which one Mahomed Hussain became the purchaser,

was confirmed by the Sub Division Officer. An appeal was preferred to the Deputy Commissioner against the confirmation, but it was rejected. Siddegowda and other villagers have appealed to Government praying for the restoration of these lands to the ~~inamdars~~ institutions on the recovery from them, of the arrears of kandayam due thereon.

2. The Revenue Commissioner, who was ~~unofficially~~ consulted in the matter, states - that though the occupants of the lands were given full opportunity to prove that they had been assigned as inam for the benefit of the temples, they failed to adduce any proof about it and that consequently, the lands were treated as "Sirkar" subject to the payment of full assessment, notwithstanding that they stood registered in the names of the temples, that though this decision was -- communicated to the archaks in possession of the lands on 30th December 1912, no -- appeal was filed against it ~~thereafter~~, and that in these circumstances, it is unnecessary to reopen this question now.

He further states that when the kandayam fell into arrears, the local officers would have done well to have intimated it to the villagers interested in the temple and given them an opportunity to pay up the arrears before the lands were brought to sale; but as this was not done, the lands having been sold after notice only to the archak, it is doubtful if the sale proceedings could be said to have been quite free from objection and that even if it be --

assumed that they were technically regular, the proper and equitable course, in the circumstances of the case, would be to restore the lands to the temple on the payment of the arrears by the villagers concerned. He suggests that the sale may be cancelled, and the lands restored to the temples on condition that the appellants pay within a prescribed date, the purchase money paid by the auction purchaser together with a suitable compensation which may be fixed by the Deputy Commissioner.

Agreeing with the Revenue Commissioner, Government direct that the sale of the lands be set aside and that they be restored to the institutions, possession of the ~~xxxxxx~~ provided the -- appellants pay, within two months from the date of intimation by the Deputy Commissioner, the arrears of kandayam due on the lands, together with such compensation as may be fixed by him. The price paid by the purchaser will be refunded to him together with the compensation amount received from the appellants.
